

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

IRENE

MARES, WITH THEIR PRODUCE.

THE CLYDESDALE STUD-BOOK.

VOLUME FIFTEENTH.

Special attention is directed to the preceding Errata Pages.

The arrangement of this Volume is the same as formerly.

The Second Editions of Vols. I. to VI. should be consulted for numbers referring to either of these Volumes.

Foals entered in this Volume and distinguished by an asterisk are not qualified to receive numbers in subsequent Volumes.

M.B. signifies Mating Breeder. F.B. signifies Foaling Breeder.

Marks of interrogation indicate that the identity of the animals whose names they follow has not been established.

The following memoranda may be useful :—

Vol. I.	(Retrospective) contains Stallions, Nos. 1 to 1044.
Vol. II.	contains { Mares, Nos. 1—461. Stallions, Nos. 1045—1383.

APPENDIX (B).

LIST OF STALLIONS THAT HAVE TRAVELLED DISTRICTS OR SERVED MARES IN DISTRICTS IN 1892.

Arranged in the Alphabetical Order of the Counties travelled in.

Horses whose names are printed in italics are not eligible for registration; horses without numbers are those which are eligible, but are not yet registered, or horses which have two registered crosses, whose stock out of registered mares therefore will register.

INDEX.

MARES.

[Figures in brackets are the pedigree numbers of Mares ; figures at end of lines are the page numbers in this volume ; figures preceded by the letter s. are stallion numbers in this volume, and those preceded by letter m. are mares. Mares with an asterisk after their names are mares which will not register themselves, but their produce got by a registered horse will register.]

INDEX.

HORSES.

[Figures within brackets are the numbers of stallions, and figures without brackets are the numbers of mares in this volume. Roman figures at the end of line are the page numbers in this volume where the pedigree or entry is recorded. Figures preceded by the letter s. indicate that the horse at that number is sire of a stallion; c. that he is sire of a colt; m. that he is sire of a mare; and f. that he is sire of a filly.]
